

7 String Floyd Rose Licensed Tremolo Diagram

This is a top quality unit licensed by Floyd Rose and made with a solid steel plate and sustain block. This tremolo features machine threaded mounting studs and fine tuning. The tremolo arm is removable and tension adjustable. This bridge has a string spread of 2-9/16" (65mm).

If you supply us with your studs or buy the bridge from us we will install the studs for just \$10.00.
